Top Teams Meet On Local Field In Sunday's Contest

Mountaineers Take Close Game Off Admirals Here Sunday

A hot single by Floyd Cooper in the bottom of the ninth inning Sunday broke an 11-11 tie-and the Truckee Mountaineers won their third straight game in the Sierra Nevada League from Fallon's Desert Admirals by a score of 12 to 11.

Although there were plenty of errors throughout the game—13 as a matter of fact—the contest was highly interesting and close from start to finish.

Although a chill wind with occasional rain showers featured the weather picture, a large crowd of fans shivered through the game and contributed generously both during the collection and at the refreshment stand.

Fallon was behind most of the game but in the 7th went ahead of the locals for the first time due to some solid hitting and a couple of excusable errors by the Truckee boys. In the eighth a squeeze time the score and there it stood until Cooper's well placed single brought in the winning run.

The diamond, incidentally, is in excellent shape due to the hard work of the volunteer crews headed by Manager Al Wakefield and the ball players.

Louis Goicoa pitched smoothly until the sixth frame when an injured knee sent him to the showers. He was replaced by Ray Bell who did a creditable job in relief.

The three youngsters from the high school team, Cooper at first and L. J. and Craig Robinson at short and third, have added materially to the team while some of the vets like Nuke Frates, Billy Campbell and others provide a well rounded aggregation and one which will make a real showing in the league.

L. J. Robinson and Catcher Oates each hit two for four and Craig Robinson and Billy Campbell got two for five to lead in local hitting.

Sunday the Truckee team meets Threlkels Cubs of Reno in an important game. They are tied for first place in the league and the game should be close and well played. It will be contested on the local diamond at 2:30 Sunday afternoon.

The short score:

	R	H	E
Truckee	12	11	5
Admirals	11	12	8

Goicoa, Bell and Oates; Appleton and Dukes.

The Truckee Chamber of Commerce and others have urged that steps be taken immediately to improve the jail condition and to add at least two deputies to the local staff.

Supervisor H. G. Loehr said he would support such a program when it is presented to the board of supervisors.

"The situation definitely is becoming acute," Loehr said. "We are having an influx of what might be called undesirables and I agree wholeheartedly with the resolutions that facilities are inadequate."

HEAVY TRAFFIC IN AREA; FEW ACCIDENTS

Despite the unusually heavy traffic, which at times almost came to a stop on the narrow Highway 40, there were only four reportable accidents, only two of which resulted in personal injuires.

STRICTLY STRICKLAND

By Bill Strickland

Overheard a very interesting conversation not to long ago which prompts me to start writing again just out of plain orneryness. Anyway, this one fellow says to 'tother fellow, Hey, Johnny, I guess "Strictly" either ran out of ideas to write about, or the edltor finally caught on to him. So, this is being written to disprove both. To tell the truth, I'd anticipated seeing the "Summit Scene" as a regular item for the summer months. Quite a few items of interest have occurred though, that I'd like to pass on to you, so we'll sneak one in now and then.

Attended the Far West Ski Association Convention in Fresno, early in May; so I'd first like to report on that. I spent all of my time in the competition committee meetings; so I can report fairly accurately on their decisions.

The main point was a means of selecting this division's representatives for 1960 Winter Olympic team tryouts. There will be approximately one hundred men and forty women who will try out for team berths—inAlpine events. As things now stand, the Far West Division will probably be entitled to from eight to ten men and four or five women. Selection of the top contenders will be extremely difficult because our three western states (California, Nevada and Arizona) have so many top contenders. A training camp will be held at Mammoth Mountain during the Christmas holiday period. All Class A & B competitors will be eligible to attend as will the top juniors. A series of tests and races will be held to determine ability. All competitors will be graded during the entire training week. Another qualifying meet will be the Squaw Valley Birthday Meet on January 11, 1959, and final qualifying meet will be held at a place yet to be announced (probably Reno's Slide Mountain) on January 31-February 1, 1959.

At the terminaton of that meet all results will be studies and the Far West represntatives will be selected. Selection is made. incidentilly, not only on racing ability, but also on personal conduct and sportsmanship. Juniors will be permitted to try out for the team without jeopardizing their Junior status. If they make the team, more power to them. If they miss, they will be reinstated in their junior status without penalty. We would like to name six boys and three girls at this time who will certainly bear watching. Ronnie Rau, Kit Schull, Sam Salmons, Jimmy Heuga, Dick Miller and Don Murphy for the men, and Starr Walton, Laurie Wakeman and Jackie Davenport for the women,—they're all top candidates.

O'course, the four laneing isn't news to any of you, but you'd be surprised how many of your friends and neighbors are helping to build this part of our super highway. I've seen Dick Read and Eddie Coltrin on the Soda Springs section. Bud Zorich, Lee Forster, Percy Samme, Jess Fuentez, Frank Moniz, Oley Johnsen, Bob McKnight, Frank Martello, Bill Allen on the other side of The Hill. That's just a few—there are, of course, many more who are working on the Olympic construction in Squaw Valley and on Highway 89, A total of around thirty million dollars is being spent in our immediate area. It is, of course, quite a boon to all of the local business people. I hope all of the business people are able to benefit in a big way.
A lot of money will be in circulation—everyone, I'm sure, will like to see it take up residence—right here.

Do any of the rest of you Mountain Top people feel as old as Marie and I do? Not, mind you, from the usual cause. But from, I guess, you'd call it remembering.
It seems like only yesterday that two young men on our Mountain Top were toddlers—you'd never think so to see them now, however. Kit Schull and Bob Strickland will graduate from high school the same day this article appears in print. The toddlers have certainly grown—Kit is now a strapping six foot four inches— Bob is now five foot ten inches— and still sprouting. The other boys from the Hill are also in the class of 39 graduates—Dean Beyer, who has been a student at T.N.T. for the past three years and Chuck Bailey, who finished his senior year here. Time staggers on—!

Was Eli Whitney the fellow who said "Keep your cotton pickin' fingers out of my gin,"? No? Oh!
Herb and Leana Fredericks have returned from their annual one months vacation. Their store services are certainly missed by the locals when they close shop—but, they're like all the rest of us—gotta' get away once in a while or really suffer from mountain fever. Betty Board took over the postmaster chores for Herb while they were gone.
Frank Allen has been on duty at the entrance to the Sierra Lake Club—a lot of club members and potential members have been in the area to have a look see. Kind of tough—though, to show, when the development is still covered with six to eight feet of snow.
Donner Summit Post No. 811 of the American Legion held their first post beeting of 1958 at Beacon Hill Lodge| The main point of business was nomination of officers for the coming year. Bill Rutherford drove all the way from Winnemucca, Nevada, to attend. The colonel probably has the finest attendance record of any of our members, since the post was formed. New officers nominated were: Comander, Ed Coltrin; Adjutant, Recording Secretary, Finance Officer, Edvi Aro; Sgt. at Arms, Tony Donadio; Service Officer, Elmo Moriano.
Bert Barber also drove up from Newcastle to attend. Doc Widing, our commander, all the way from his home in the valley.

TNT TIDINGS
by NANCY WATTS

The halls of TNT have been echoing with the moans and groans of unhappy students. final exams were completed Wednesday, to the relief of everyone in the school, including teachers! The last two days of the term will be spent tying up such loose ends as, turning in gym locks, paying shop and library bills, and checking in textbooks. Tomorrow and Awards Assembly will be held in order to present awards for scholarship, athletics, and other activities to deserving students. Many people will be very surprised and pleased at this gathering.

Our annuals, the Chipmunks, were distributed Tuesday to those lucky people who bought them. They are terrific! They will be something to enjoy for years to come. Having new ideas, featuring more and better snapshots and larger sections, they will be sold for the rest of the week.

Most pupils are planning on taking summer jobs just after school is over. Others are planning on taking vacations and trips to many places. The Seniors will be sorely missed next year, as any Junior will tell you! However, time marches on and we will see you next September.

Children playing with matches, and the careless use of tobacco by adults, rank high on the list of grassland and forest fires. Be careful!

NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

THANK YOU HARRY

Many of us would like to tell Harry Johansen thank you for the very fine job he has done in making the Tahoe City cemetery a neat and beautiful place. He has very appropriately given it the name of "End of Trail". Many comments were made Memorial Day on what a nice cemetery we have, and it is certainly thru Harry's efforts that it is in this fine shape. Harry took time out Memorial Day to act as official welcomer for out of town visitors to the cemetery.

VISITORS

The C. E. Bosens of Tahoe City had a very welcome guest for two weeks. Ed's mother Mrs. Peter Bosen of Battle Lake, Minnesota, left last Sunday after a wonderful visit with her son and family and to make the visit more enjoyable the son, Mr. and Mrs. Lawrence Bosen of Yuba City came up to spend the Memorial Day weekend with the family. It has been 11 years since Mrs. Bosen's last visit to Lake Tahoe so all had a very good reunion.

LADY GOLFERS WELCOME

Ladies Day will be held this Friday at 10:00 a.m. at the Tahoe City Golf Course and all lady golfers are welcome. The course is in really fine shape and according to weather predictions old Mr. Sun is supposed to show his shiny face. So don your golfing togs and see how you can do in this 18 hole match.

BECHDOLT SR. HOME

Carl Bechdolt, Sr. has returned home to re-cuperate after his operation at St. Mary's Hospital in Reno, and we're all happy to have him home again and wish him a very speedy re-covery. There is nothing like good Tahoe air to bring back good health.

FOOD SALE

On Saturday June 14th the ladies of the St. Nicholas Mission will hold a food sale at the Village Store. In charge of preparation and sale is Mrs. Max Hoff. All those interested in helping please contact Mrs. Hoff at JU 3-3002, proceeds will go toward the construction of the new church building.

WORK DAY

In order to have the outdoor Chapel in top shape for summer services a general work day will be held on June 7th and the aid of all parishoners is requested. Trucks, rakes, saws, wheelbarrows and shovels are needed. If you'r a painter, carpenter, etc. come along and help. The women will clean the kitchen and help prepare a picnic lunch for all of the parishoners. Be sure to bring the younsters too because they are always good at picking up papers and raking pine needles.

BIG SUMMER

With summer fast on its way many summer residents are moving in, cleaning up there homes or opening up their resorts. If the Memorial weekend is any indication this will be a fine summer season. It would be a good idea and an excellent advertisement for the lake area if you do not have available space at your resort send the party to some one you know can accommodate them. This will not hurt your business and will give the visitor the feeling of good will, and as saying goes "One good turn deserves another" So instead of turning a person away offer him help and this will in turn come back to you. The lake is an entire wonderful vacation area, not small sections.

Tahoe Items

Mr. and Mrs. T. F. Hall are coming from Glendale to their North Rubicon home by way of Santa Clara. Their grandchildren of that city will be their guests the first of July at Meeks Bay.

Tahoe City arrivals this week include Mr. and Mrs. G. Abbott, Jr., of Oakland and Stella and Bob Watson from Newcastle. The latter is still recuperating from his April operation.

E. M. Frost is arriving from Fontana to spend the summer at Kings Beach.

From Los Angeles—

Mr. and Mrs. Wilbur Tong were here from Los Angeles during the holiday recess.

We must look at the space age through eyes like these

One day they'll come to focus on a career—in science...law...philosophy...medicine...engineering...the arts.

To prepare our youth in these challenging times. help is needed as never before say educators. Many companies are responding with financial and other aid.

Standard long ago recognized its obligation as a good citizen to help support our education system and for 20 years has encouraged and assisted young minds to explore the wide field of learning.

We have helped hundreds of students attend college, 241 this year alone. Included in our program are scholarships, graduate fellowships in engineering, science and business plus financial aid to university departments concerned...broad projects in basic research...outright money gifts to schools.

Besides these, a program of "learn by doing" kits, motion pictures, film strips, booklets have been used and acclaimed by teachers. To millions of children, the Standard School Broadcast has long meant an opportunity to hear and enjoy good music. All of these projects are continuing.

Worthwhile? We think so, because one of the most productive investments is in human beings—those who in time to come will take over responsibilities in industry and in our nation.

Progress in education means...

Preparing for 2,500,000 additional students in U.S. colleges and universities by 1968.

TAHOE TRUCKEE SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: We said goodbye this week to our baby chicks, which have gone to Reno to live. In their place we have a jar of tadpoles.

Robert Monroe left us this week to move to Tahoe City, but Linda Baker joined our class. She is a transfer from Auburn.

In totaling attendance for the year, we find that Ben King had the highest attendance, with Larry Doyle and Diane Rose tied for second place.

FIRST AND SECOND GRADE: Those with almost perfect attendance for the entire year were Kenny Bretthauer, Wilbur Glenn, Tommy Romo, Karel Sauby and Mike Borden, having been absent 5 or less days.

Friday we had our final party during our lunch period.. We end the year with 6 first graders and 24 second graders.

SECOND AND THIRD GRADES: In the forty five word spelling test in the second grade those having 100 were Pamelia Horman, Kenni Morton, John Clark, Dennis Crandall, Barry Waters, Bobby Goldsmith and Diane Daly. Those having but one or two words wrong were Phillip Risden, Henry Frates, Bruce Ayala, Keith Saunders, John McGlade, Bill Rose and John Gholson. Those having 100 in the third grade were Ronnie Walker, Darlene Doolittle, Mary Ann Moore, Charles Collier, Jim Tavis and Steve Wodtli.

Ronnie Walker, Wayne Mosby, Bruce King and Darlynn Ingalls have finished "Once Upon a Storytime".

We are sorry that Marion Ayala and Danny Funk have been sick.

We have three new pupils Kenni Leigh Morton, Paul Scotton and Steven Wodtli.

THIRD GRADE: Our star spellers this week are: Bill Waters, Eileen Olson, Gail Englehart, Gary Waters Kathryn Braasch, Cathy Braley, Sandy Miller, Susie Olano, Vicki Crandall, Andrea Barker, Bev. Holleman, Don Whiteneck.

We are sorry to have Vicki Crandall move away, and we wish much happiness for her, wherever she goes.

Our new president is Jack Melugin and our vice president is Cathy Braley.

FOURTH GRADE: In the Fourth Grade final spelling examinations were held on Thursday. The eight pupils scoring 90 per cent or better were C. Ayala, D. Douglas, D. Ellis, K. Kenyon, A. Morey, D. Pankoke, J. Sturcke and F. Wilson. Completing all required work for the reading program were the members of the Marine group. Social studies and California history is being reviewed. Showing the most improvement in personal neatness, Steve Van Sickle, Fosten Wilson, Courtney Lewis and Teddy Daniels deserve the special compliment given them by the class.

On Thursday the fifth grade really threw a first-rate dance. We wish to thank them for their efforts. At present there are 39 members.

FIFTH GRADE: The fifth grade had a dance with the fourth grade, Thursday. A good time was had by all.

SIXTH GRADE: This week our class is having a series of general review finals in spelling, social studies, arithmetic, penmanship and neatness of work.

Tim Parrish and Maria Marin have been giving "Bop" lessons to the fifth graders.

TAHOE LAKE SCHOOL

KINDERGARTEN: The Kindergarten has been taking tests all week on all the beginning skills they have learned.

The class is planning a hike and picnic for the next to last day of school.

FIRST AND SECOND GRADES: In first grade this week we have finished a series of tests on words we should know how to spell before we advance to second grade. We all like spelling and are working very hard.

In second grade we are working very hard to finish our reading work-books. In the final spelling test this week the following made 100 per cent: Erik Henrikson, Tommy Hoff, Jim Caulkett, Tommy Carnell and Bro Shontz.

SECOND AND THIRD GRADES: Vicki Jones and Diane McBride tied this week for scholastic honors with Lynn Harper running a close third.

Both grades studied Japan and brought about better understandings of the culture. Darlinda Stark, Janet Jorgensen and Lynn Harper brought oriental dolls to share for this unit.

FOURTH GRADE: Cathy Conners and Tommy Rahkala were elected as class monitors for the remainer of school.

Kristen Meixner, Karen McBride, Cathy Conners, Alex Cushing and Jeff McLane were the "spell-down" champs for the week.

KINGS BEACH SCHOOL

KINDERGARTEN: Lana Hill received the scholarship award from our class during the assembly last Friday. We received a new boy from North Las Vegas this week. His name is Jimmy Figurski.

FIRST GRADE: Mrs. Corbin felt she had too many outstanding students to give one award to the best student. We have finished our study on wheels.

SECOND AND THIRD GRADES: Eva Eckenboy and Mitchell Abbott were awarded scholarship pins for outstanding scholastic ability this year.

THIRD AND FOURTH GRADES: Bruce Templeton was the outstanding student of our room. He won a school pin at our last assembly. Our class gave a very nice going-away party for Mrs. Croxen. She wishes to thank the class for the party.

FIFTH AND SIXTH GRADES: Estelle Howell and Sandra Nyblom were awarded school pins for their achievement in scholarship this year.

Two council meetings were held, under the supervision of our student body advisor, Mrs. K. Wing. The student body council planned and gave a farewell party for Mr. Charles Mack, our teacher and principal. This was our way of showing our appreciation for his exceptional work this year.

Ancient Magazines Found On Summit

While making repairs on the Donner Summit home of Mr. and Mrs. Milton Hogle, damaged by the heavy winter snow, R. R. Rockholm discovered some interesting periodicals dating back to 1889.

Among them a copy of the Ladies Home Journal for September, 1889, published by the Curtis Publishing Company in Philadelphia.

An interesting volume was a well-preserved copy of Collier's Weekly of August 27, 1898, filled with photos and articles of the Spanish-American war and the yellow fever epidemic of that time.

Some of the advertisements were of more interest than the news stories and indicated the economy of 60 years ago. For instance "new high grade" bicycles were selling for $9.75, with late model used bikes for $3. Elgin watches, warranted for 20 years were being offered for $5.49, plus express charges. Necktie lights, powered by a battery were being sold at $1.50 while a small Edison motor retailed at $1.

By "saving middlemen's profits, preventing the possibility of adulteration" Hayner's seven year old rye whiskey, direct from the distiller to the consumer was offered at $3.20 a gallon, express paid. Orders for this bargain had to call for 20 quarts from western states.

A high arm sewing machine went for $9.50 and $22 was the asking price for a "fine Victor church or parlor" organ, guaranteed 25 years.

An April 22, 1899 issue of Harper's Weekly "A Journal of Civilization" carried the story of the death April 9, 1899 of Stephen Johnson Field, associate justice of the supreme court and articles of the rebuilding of Cuba after the war.

Girl Scout News

Donner Troop, Girl Scouts Judy and Linda Giovannoni and Dorette Rose took part in a Girl Scout Round up recently held at the Galena Creek camp including meal planning, conservation first aid, emergency procedures. The cooperation of the forest service, fire dept. Red Cross, survival training from Stead Air Base were secured for the out of doors event.

Tuesday afternoon Patricia Shane and Susan Monroe were invested into the Donner Troup, Girl Scouts.

Awards were given Donna McReynolds; cook and cyclist badges; Dorette Rose and Linda Giovannoni received four year stars and Judy Giovannoni her five year member pin.

Refreshments were enjoyed by the members and guests, Mrs. C. Shane and son, Kelly; Brenda Blair and Barbara Monroe.

Mrs. Frank Giovannoni, co-leader of Donner Troup, Girl Scouts completed her course in out of doors skills, under the direction of Miss Grace Donehower.
